

Yukon Inn, Whitehorse, YT • April 12-13, 2007

Alaska Highway Aboriginal Pipeline Coalition (AHAPC)

Alaska Highway Pipeline Project (AHPP)

INTRODUCTORY WORKSHOP: WORKPLAN FOR 2007

PRESENTATIONS – DAY 1

Project Status

Macro-Economics of Oil and Gas Supply/Demand

(Jim Booth – Natural Resources Canada)

Alaska/U.S. Context of Proposed Project

(Karen Matthias, Department of Foreign Affairs and International Trade)

Project Fundamentals // Project Schedule

(Rick Allen – ConocoPhillips Canada)

(Jim Campbell – BP Canada Energy Company)

(Ron Moore – Exxon Mobil Corporation)

Yukon's Pipeline Strategy and Key Interests

(Brian Love – Energy, Mines and Resources, Yukon Government)

INTERACTIVE SESSIONS – DAY 2

Identification of Issues facing the AHPP

Environmental Assessment/Regulatory Authority

(Jon Pierce – Canadian Environmental Assessment Agency)

Environmental Issues with Pipeline Construction

(Bill Trefanenko, Enbridge Pipelines Ltd.)

Socio Economic Impacts

(Rick Allen, ConocoPhillips Canada)

Training, Employment and Business Opportunities

(Mel Johnson and Dan Begley, TransCanada PipeLines Limited)

Wednesday, April 11, 2007

7:00 p.m. **Reception** at Yukon Inn

Thursday, April 12, 2007 - Day 1: Project Status

Announcements and Opening Remarks

9:00 a.m. Opening Prayer
 Chair

Presentation: Macro Economics of Oil and Gas Supply/Demand

9:30 a.m. Jim Booth – NRCan
 Where are the major North American demand markets for Alaska gas?
 To what extent does the AHPP address the demand markets?
 What are the key messages that the Federal Government wishes to deliver to communities impacted by potential northern development?

10:30 a.m. **Refreshment Break**

Presentation: Alaska/U.S. Context of Proposed Project

10:45 a.m. Karen Matthias, DFAIT
 What mechanisms do Alaska and Federal Governments have in place to assess the feasibility of future Alaska gas development?
 What role is Canada expected to play in future Alaska gas pipeline development?

11:45 a.m. **Luncheon for Presenters and Participants**

Panel Presentation: Project Fundamentals // Project Schedule

1:00 p.m. Rick Allen – ConocoPhillips Canada
 Jim Campbell – BP Canada Energy Company
 Ron Moore – Exxon Mobil
 What is the price forecast for natural gas? To what extent, will this impact AHPP economics?
 What is the demand for steel? To what extent, will this impact AHPP economics?
 What other key long-term factors are being considered in evaluation of the AHPP?
 What does the AHPP schedule look like at this time?
 What are the milestones that will determine progress?
 What can be undertaken in this phase of the AHPP?

3:00 p.m. **Refreshment Break**

Presentation: Yukon's Pipeline Strategy and Key Interests

3:15 p.m. Brian Love – Yukon Government – Energy, Mines and Resources
 What are the benefits/challenges before Yukon with the AHPP:
 - What steps are being taken to encourage pipeline and infrastructure opportunities?
 - Update on recent land rights auctions?
 - What is being considered to address the requirement of local skilled labour?

Summary of the Day

4:15 p.m. Chair
5:00 p.m. Session adjourned for the day

6:00 p.m. **Dinner Reception at Chiefs Restaurant**

Friday, April 13, 2007 – Day 2: Identification of Issues facing the AHPP

Announcements and Opening Remarks

9:00 a.m. Chair

Environmental Assessment/Regulatory Authority

9:15 a.m. Jon Pierce – CEAA

What initiatives are being proposed to develop an assessment process for the AHPP?
To what extent is Traditional Knowledge considered, and in what format?
Update on efforts to engage with provincial, territorial and regional self-governments?

10:30 a.m. **Refreshment Break**

Environmental Issues with Pipeline Construction

10:45 a.m. Bill Trefanenko - Enbridge Pipelines Ltd.

What is new in transportation technologies?
What site specific/protected and biological species require additional guidance?
What is being considered to minimize individual and societal risks?

12:00 **Luncheon for Presenters and Participants**

Socio-Economic Impacts

1:30 a.m. Rick Allen – ConocoPhillips Canada

What community infrastructure is required to complement project?
What is being considered in engaging with First Nations on issues arising from the AHPP?
What initiatives can be undertaken to minimize impacts to Citizens and Communities?

2:45 p.m. **Refreshment Break**

Training, Employment and Business Opportunities

3:00 p.m. Mel Johnson and Dan Begley - TransCanada PipeLines Limited

What are the expected infrastructure and spin off service opportunities for companies?
Update on recent company partnerships with First Nations?
What is planned to address the growing demand for skilled labor required for this Project?

Summary of Workshop Session

4:15 p.m. **Next Steps: What to do for the remainder of the year?**

Participants' Comments and Chair's Summary

5:00 p.m. Closing Prayer
Workshop Adjourned
